11. Joint Accounts:

If more than one individual has entered into terms and conditions relating to the Account or completed a personal account application form, then the Account shall be a "**Joint Account**" and each individual signatory shall be a Customer for the purposes of this Agreement. Each Customer shall be jointly and severally liable (in

Quebec, solidarily) to the Bank to perform all the obligations, be liable for all liabilities related to the Joint Account under this Agreement and shall agree to all the terms and conditions in this Agreement, irrespective of which signatory to the Account undertook the obligation or incurred the liability.

Each Customer shall have access to historical and current transaction details or any other details relating to the Joint Account, and each Customer agrees that the other may have the same access.

Each Customer expressly intends and agrees that any interest in the Joint Account shall be owned by them as joint tenants with full rights of survivorship, and not as tenants-in-common, and that the Bank is entitled to treat any interest in the Joint Account in this manner. The Bank may accept any instructions from either Customer, including honouring an Instrument, processing transactions in connection with Electronic Banking Services and Digital Banking Services described below, or accepting any direction in respect of the Joint Account without requiring the authorization or consent of the other Customer, subject to any written instructions by both Customers to the contrary.

Each Customer agrees that if one Customer is removed from the Joint Account by agreement of both Customers, or in the sole discretion of the Bank, acting reasonably, the Joint Account shall be closed. If either Customer dies, the deceased Customer's interest in the Joint Account shall pass automatically to the surviving Customer, without releasing the deceased Customer or their estate from any liability arising from the Joint Account until such time that the Bank has received satisfactory evidence of the death. The Bank shall not be liable for any loss, damages or legal costs incurred in any dispute between the estate of the deceased Customer, the surviving Customer or third party arising from the Bank acting on the right of survivorship.

12. Customer's Responsibilities to Secure Accounts:

The Customer agrees to take all reasonable precautions to maintain the security and integrity of their Account and to prevent fraudulent transactions in their Account. The Customer agrees to advise the Bank of any suspicious circumstances that the Customer is aware of surrounding any transaction in their Account at the time of their instruction to the Bank. The Customer agrees to keep their Debit Card (defined below), any cheques or other Instruments, and Security Information (defined below) safe at all times and to take reasonable steps to protect them. The Customer must notify the Bank immediately about any actual or suspected loss, theft, or unauthorized use of any cheques or other circumstances in which a person might reasonably conclude that fraud may occur in connection with their Account. The Customer is responsible for all use, including any forgery, of their Debit Card, cheques or other Instruments, unless the Customer proves that the Customer took reasonable precautions to protect them and that the Customer exercised reasonable care in examining their Account transaction information and statements.

B. TERMS OF DEBIT CARD AND ELECTRONIC BANKING SERVICES

Part B of this Agreement applies to the use of any card that is issued by the Bank in the Customer's name,

the Customer's attorney's name or signed by the Customer or the Customer's attorney and to the use of the number embossed on or associated with any such Card unless otherwise specified ("**Card**" or "**Debit Card**"), and to the Customer's personal identification number password or any other number or word used with the Card ("**PIN**") for Electronic Banking Services (defined below).

1. Use of Your Card & PIN:

The Customer may use the Card and PIN to access the following services (the "**Electronic Banking Services**"): Interac®, Cirrus®, Maestro® and Exchange Network® Automated Banking Machines (ABMs); Point of Sale (POS) debit card terminals such as Interac terminals, or any other electronic banking service which the Bank may offer to the Customer from time to time to use with the Card and PIN. By using the Card or any Electronic Banking Service the Customer acknowledges and agrees that the Customer has received, understood and agreed to this Agreement and to the use of Electronic Banking Services in accordance with the terms of this Agreement, as amended from time to time. The Customer shall not use Electronic Banking Services for illegal, fraudulent or defamatory purposes or take any steps which could undermine the security or integrity of any Electronic Banking Service, or cause harm to or threaten to harm any other user of Electronic Banking Services, or to the Bank.

2. Accounts and Electronic Banking Services:

The Customer may choose which Electronic Banking Services the Customer wishes to access through the Card. The Customer acknowledges that the Customer may designate the Account the Customer wishes to link to the Card for access at ABMs and POS terminals. The Customer further acknowledges that the Customer may have access to all of the Account through internet banking (www.sbicanda.com) or by visiting a branch. Where the Account has overdraft protection or is linked with another Account having some or all of these features, the Customer will have access to these features and the balances in those Accounts through Electronic Banking Services.

3. Card and PIN Security and Confidentiality:

The Customer is responsible for the care and control of the Card and PIN. The Customer must keep the Card and PIN confidential and take every reasonable precaution to maintain them safely. This includes keeping physical possession of the Card, keeping the Card in a safe place and never letting anyone else use it, never keeping a written record of the PIN with the Card, avoiding PIN combinations that may be easily determined by others such as the Customer's name, birthday, phone number, address, Social Insurance Number etc.; not disclosing the PIN voluntarily to anyone else at any time, including to a family member, friend, financial institution employee or law enforcement agency; and taking all reasonable precautions to ensure that no one finds out the PIN while keying it in or logging into an Electronic Banking Service, immediately changing the PIN if the Customer suspects that someone knows their PIN, taking the transaction record after a transaction is completed through Electronic Banking Services.

4. Customer Liability for Electronic Banking Services:

The Customer is responsible for the full amount of all activity on the Account completed through an Electronic Banking Service resulting from: the use of the Card and/or PIN by the Customer or any person to whom the Customer has made the Card and/or PIN available where the Customer has not been the victim of fraud, trickery, force, intimidation or theft; the Customer's failure to notify the Bank as soon as the Customer becomes aware that the Customer's PIN may have become known to someone else or the Card has been lost, stolen or misused; or an entry error or a fraudulent deposit made through an Electronic Banking Service. In these cases, the Customer shall be liable for losses in the Accounts. The Customer's liability may exceed the credit balance or other available funds in the Account; for example, if the transaction is completed on the basis of any entry error or a fraudulent deposit made through an Electronic Banking Service. The Customer shall not be liable for transactions completed through an Electronic Banking Service where it can be shown that the Customer has been a victim of fraud, theft or has been coerced by trickery, force or intimidation provided that the Customer reports the incident to the Bank promptly and cooperates fully in any subsequent investigation.

5. Bank Liability:

Except to the extent resulting from a breach of this Agreement by the Customer, the Bank is liable for: any unauthorized transaction after the Customer has notified the Bank that the Card has been misused, lost or stolen or that PIN security has been breached; transactions completed through the Card or any other cards that are forged, faulty, expired or cancelled; fraudulent or negligent conduct by the Bank's employees or agents, companies involved in networking arrangements, merchants who are linked to the electronic funds transfer system or their employees or agents; and losses to the Account resulting from any failure, error, malfunction or technical problem of the Bank's system or equipment.

6. Transaction Records Activity:

The Customer shall be offered a transaction record at ABMs and POS terminals for the Customer's convenience to enable the Customer to check the Account entries. The Bank's transaction records shall be conclusive proof of use of the Card or an Electronic Banking Service and shall be considered the Customer's written request to perform the transaction. Even though the Customer may be provided with a transaction record, verification number, or interim statement, the Bank's verification and acceptance of all transactions shall be considered correct and binding unless there is an obvious error. Transactions completed through an Electronic Banking Service may be credited or debited to the applicable Account by the Bank on a date determined by the Bank. This date may be different than the date on which the Customer used the Electronic Banking Service.

7. Debit Card Code of Practice:

The Bank endorses the Canadian Code of Practice for Consumer Debit Card Services and commits to maintain or exceed the level of customer protection it establishes.

C. TERMS OF DIGITAL BANKING SERVICES

Part C of this Agreement applies to the Customer's use of Accounts through the Bank's website and mobile banking services including: (a) accessing the Account; (b) paying bills; (c) transferring funds from the Account held at the Bank to another financial institution located in Canada; (d) transferring funds from another financial institution located in Canada to the Account held at the Bank; (e) transferring funds from the Account held at the Bank to an account located in India ("**Remit to India**"); (f) the Yono or any other mobile apps or platforms made available to customers of the Bank; and (g) any additional digital or mobile services provided by the Bank (collectively, "**Digital Banking Services**"). The Customer acknowledges and agrees to the Terms of Service for use of the Bank's website.

1. Digital Banking Security and Confidentiality:

The Customer is responsible for the care and control of the user ID, password, and/or transaction password (including any codes) ("**Security Information**") used in Digital Banking Services. The Customer must keep the Security Information confidential and take every reasonable precaution to maintain them safely. This includes never keeping a written record of the Security Information; avoiding passwords that may be easily determined by others; not disclosing the Security Information voluntarily to anyone else at any time, including to a family member, friend, financial institution employee or law enforcement agency; and taking all reasonable precautions to ensure that no one finds out the Security Information while logging onto or using Digital Banking Services. The Customer is responsible to implement appropriate security programs and safeguards and will immediately notify the Bank if it is suspected that any security procedure has been compromised or rendered ineffective. The Bank will not be liable in any manner for the consequences, including without limitation for losses or damages, of any unauthorized use of the Security Information by a third party.

2. Mobile Banking Services and Alerts:

The Customer is responsible for any use of the Bank's mobile application through their device that occurs before the Customer notifies the Bank that their mobile device may have been lost, stolen or compromised. The Customer's mobile device or email address may be used to receive automatic Account alerts (including alerts about Account transactions, Account balances and other Account activities). The Customer is responsible for all fees charged by their phone company or email service provider. The Bank will not under any circumstances be liable to the Customer for losses or damages of any nature resulting from: (a) the Bank's delay or failure to send, or the Customer's failure to receive, an automatic alert for any reason; (b) an automatic alert issued in error or containing inaccurate or incomplete information; or (c) any disruption in alert services for any reason, including a disruption caused by the Customer's phone company or email service provider.

3. Bill Payment:

The Customer authorizes the Bank to debit the Account, as specified by the Customer, for the purpose of transferring funds to a payee of bill payments through Digital Banking Services. Payments should be made before the due date of the bill within the time period recommended by the payee or the Bank from time to

time. The Customer shall confirm with the billing institution that the bill has been paid. Any changes or cancellations to a bill payment must be made within the time period specified by the Bank from time to time.

If the Customer use any of the Bank's services for bill payments, the Customer is responsible for the accuracy of their payment instructions, including the billing company paid, billing account number, payment amount, other information in their bill profile, and their personal information recorded in the Bank's systems. Depending on the type of payment, payment instructions may be final and irrevocable, and it may not be possible to retrieve funds sent in error. The Bank may update the Customer's bill profile, including their billing account numbers and billers' names, if informed of a change by the biller or if deemed necessary by the Bank.

The Customer will ensure that they have sufficient funds in their Account (or a line-of-credit or overdraft protection) at the effective time of their payment. Payment instructions may not be processed without sufficient funds. Postdated payments set up by the Customer may not be processed for a number of reasons, including insufficient funds, inconsistency between the billing account number on their postdated payment and the billing account number recorded on their bill profile at the time of processing the payment, and a change in the status of the biller.

The Customer is responsible for knowing their biller's payment requirements. The Bank may reject, cancel or return a payment to the Customer that does not meet those requirements. In addition, The Customer is responsible for ensuring that their payments are scheduled so that there is sufficient time before their due date for them to be processed by the Bank and by the biller.

Payment instructions made by the Customer after the Bank's daily cut-off time or on a day on which the Bank is not open for business will require extra time to reach the biller. There is no guaranteed time or date of delivery of their payment.

The Bank is not responsible for any penalties, fees, interest, costs or damages suffered by the Customer with respect to any payments, or for the Bank's inability to retrieve any payments.

4. Domestic Bank Transfer / Pre-Authorized Debit (PAD):

The Customer authorizes the Bank to: (i) debit the account at the financial institution, as specified by the Customer on the applicable Domestic Bank Transfer – PAD Agreement, for the purpose of transferring funds to the Account, subject to applicable hold periods disclosed to the Customer from time to time, or (ii) debit the Account for the purpose of transferring funds to the Customer's account held at another financial institution located in Canada (each, a "DBT"). The Bank may, at its sole discretion and from time to time, set limits on DBTs, including without limitation, the number of DBTs made by the Customer or the amount (in aggregate or otherwise) of a DBT. The Customer shall notify the Bank of any changes to the information

provided to the Bank regarding the funds transfer pre-authorized debit.

5. Remit to India:

The Customer authorizes the Bank, and any intermediary or agent bank, to debit the Account specified by the Customer, for the purpose of transferring funds to an account in India (the "**Remittance Request**") and paying any charges in connection therewith. Notwithstanding any error made by the Customer, the Customer is responsible and obligated to complete a Remittance Request once (i) the Customer has entered the applicable Security Information and (ii) such Remittance Request is received by the Bank. A Remittance Request is deemed to be received by the Bank when it is received in the form and with the content specified by the Bank from time to time. Once the Bank has received the Remittance Request, the Customer may not amend or cancel a Remittance Request. The Bank will not be liable for, and the Customer agrees to indemnify the Bank for, any loss or damages arising from any attempt made by the Bank, in its sole discretion, to amend or cancel a Remittance Request.

The Customer must pay the Bank the amount specified in the Remittance Request, plus any applicable fees or charges by a debit to the Account, before the Bank will execute the request. The Customer acknowledges that the Remittance Request may not be processed on the same business day the request is made and that such Remittance Request is subject to regulatory verification processes. The Bank is not obligated to execute the Remittance Request and may, at its sole discretion, reject a Remittance Request or set limits on Remittance Requests, including without limitation, the number of Remittance Requests made by the Customer or the amount (in aggregate or otherwise) of a Remittance Request. In the event that a Remittance Request is rejected by the Bank, the Customer may be notified of such rejection by mail, telephone or through the Customer's online account. The Bank is not obligated to re-execute a Remittance Request. The Customer acknowledges that the Bank does not guarantee the Remittance Request. The Customer confirms that any Remittance Request will be made on the Customer's behalf and not on behalf of any third party.

If the details of the parties bearing charges of the Bank or the agent bank are not indicated, the Bank charges will be borne by the Customer and intermediary or agent bank charges will be borne by beneficiary. The Bank is authorized to debit any one of the Customer's account for fees and charges in connection with a Remittance Request. The Customer agrees that the Bank will not be liable for any deduction made by an intermediary or agent bank.

The Bank may take its customary steps for the remittance and shall be free on behalf of the Customer to remit or procure the remitting of funds by mail, telex, cable, SWIFT or any other means as it deems fit and to make use of any intermediary bank, correspondent, sub-agent or other agency but in no case will the Bank or any of its correspondents or agents be liable for interruptions, omissions, human or mechanical errors or delays occurring

in the electric transmission, wire, cable or mails, or on the part of any postal authority, telegraph, cable or wireless company, or any employee of such authority or through any other cause. The Bank through its correspondents or agents or otherwise may send any message relative to this transfer in explicit language, code or cipher. The Customer agrees to be bound by any rules or regulations that apply to the payments systems used in connection with the Remittance Request.

Payment of transferred funds is also subject to the rules and regulations of the country where the payment is to be made. In view of the prevalence of exchange restrictions in some countries, any liability of the Bank with respect to the payment of the transferred funds shall not exceed in any case the extent to which payment is allowed in the currency in which the transferred funds are to be sent under any government or other restrictions existing in the place of payment or principal financial centre of the relevant currency or in the case of the Euro, the European Union or any of its member countries, at the time the payment instructions are received or are to be carried out. Neither the Bank nor its correspondents or agents shall be liable for any delay or loss caused by or as a result of any act or order of any government or government agency or the failure of any clearing, settlement or payment system or statute, regulation or any other causes whatsoever.

The Bank may at its discretion convert into foreign currency the funds received from the Customer at the rate as determined by the Bank at its discretion on the day such funds are received/cleared pursuant to its hold period policy. The Bank's statement in writing, whether by transaction record or otherwise, that it has effected such conversion shall be conclusive.

In the event a refund from the Bank of the amount of the transferred funds is desired, such refund shall be made, at the Bank's discretion, to or from the Customer, at the prevailing buying rate for the applicable currency on the day of refund in question, less all costs, charges, expenses and interest (where applicable), provided that (i) none of the events specified below have occurred in respect of the currency in question, and (ii) the Bank is in possession of the funds for which the payment instruction was issued, free from any exchange or other restrictions.

The Bank shall have no responsibility for or liability to the Customer or any other person whatsoever for any diminution in the value of funds due to exchange loss, taxes or depreciation or for the unavailability of such funds due to restrictions on convertibility, requisitions, involuntary transfers, distraints of any character, exercise of governmental or military powers, wars, strikes or other causes beyond the Bank's control. In addition, (i) if the currency's country of origin restricts availability, credit or transfers of such funds, the Bank will have no obligation whatsoever to pay the funds, whether by way of draft or cash or by any other means in the relevant currency or any other currency and (ii) in the event of any matter related to EMU (European Economy and Monetary Union) (including but not limited to the disbanding of EMU, the withdrawal of one or more participating states from EMU or any changes in the composition of participating states) which restricts availability, credit or transfers of the Euro or otherwise makes it impossible or impracticable for the

Bank to perform its obligations in respect of Euro funds, the Bank will have no obligation to pay the funds, whether by way of draft or cash or by any other means in the relevant currency or any other currency.

6. Mobile Cheque Deposits:

Where the service is made available to the Customer, the Customer may deposit eligible paper cheques and bank drafts to an eligible Account by taking a picture of the front and back of the cheque or bank draft with their mobile device and sending the image to the Bank.

The Customer will only deposit a cheque or bank draft that is payable to them directly, in Canadian dollars, drawn on a Canadian financial institution. The Bank does not accept cheques or bank drafts that are payable to someone else and endorsed to the Customer. The Customer will only deposit the cheque or bank draft to a Canadian dollar Account. The cheque or bank draft must be in the standard format approved by Payments Canada. The Customer's image must include all information the Bank requires including the date, drawee institution, payee, amount in words and figures, signature of the payor, cheque number, and magnetic ink character recognition information. All of the information must be legible in the image. The Customer will only create images from the original cheque or bank draft. The Customer will not deposit a cheque or bank draft that is post-dated, stale-dated, or altered in any way, or that has previously been deposited. The Customer will endorse the cheque or bank draft on the back before deposit.

The Customer's cheque or bank draft is considered received by the Bank when the Customer receives a successful 'deposit complete' message. Funds will then appear in their Account, but any Bank policy to hold funds may apply. When the deposit is completed, the Customer will write "deposited" across the front of the cheque or bank draft. The Customer will not attempt to redeposit or negotiate the cheque or bank draft. The Customer will keep the cheque or bank draft for 90 days, and provide it or a replacement image to the Bank if the Bank asks for it. The Customer will destroy the cheque or bank draft within 30 days after the 90-day period.

The Bank may set limits and change the limits on the number and amount of deposits. Service fees may apply. When the Customer creates an image, the Customer is acting as the Bank's agent for the limited purpose of creating the image. The Customer will not delegate this role to anyone else. Any image that the Customer creates will be treated for legal purposes just as if the Bank had created the image. Each image the Bank accepts will be treated as an eligible bill under the Bills of Exchange Act (Canada) and each image is subject to the applicable Payments Canada rules. The Bank may from time to time impose additional rules governing the cheques and bank drafts it accepts, and the Customer's use. Each image received by the Bank will have the same effect as if the original cheque or bank draft was delivered to a branch for deposit.

The Customer grants to the Bank, and to its clearing agents and other team members, all consents and rights necessary to provide the mobile cheque deposit service, and to deposit and clear eligible cheques and bank drafts using the images and associated data (which may include their personal information).

The Bank may, in its discretion, reject any item. The Bank may provide the Customer with immediate credit, and attempt to collect payment on the cheque or bank draft. If the cheque or bank draft is returned to the Bank unpaid, the Bank may reverse the credit and any interest paid on that credit. If the deposit amount does not match the amount of the image, the Bank may adjust the Customer's Account to reflect the amount on the image. The Customer will be responsible for any costs to obtain a replacement cheque or bank draft, if required. The Bank is not responsible for any damages suffered by the Customer or any other person resulting from a rejected or returned cheque or bank draft, the delayed or improper crediting of a cheque or bank draft, or inaccurate information the Customer provides to the Bank regarding a cheque or bank draft. The Bank may suspend or terminate the Customer's use of mobile cheque deposits at any time, with or without notice.
